

Walk report Wednesday 31 August 2022

A group of five walkers set off from White Hill CP in perfect walking weather - slightly cloudy and breezy but the sun came out to keep the temperature perfect.

We followed a circular 6 mile route that started on the Wayfarers Walk, then turned off, taking us through Hannington and later past the mast at Cottingham Hill. There were some up and downhill sections but we were rewarded with great views over the Downs.
