Oakley Ramblers enjoyed two delightful walks in May. The East Meon circular walk fell on a beautiful Spring day. Out walkers crossed the River Meon, then woodland pathways led to the crest of the South Downs Way and glorious views. After refreshments at the Sustainability Centre our walkers passed cowslips, bluebells, verdant fields, dogs, cyclists and paragliders.

The Crondal walk followed a wet night so, well clad in waterproofs, our walkers enjoyed a nine mile circuit across fields and farmland, passing a large hole dug by badgers and views across to Odiham. Some hares were spotted playing in the fields.

We had a cheering skittles evening at the end of the month.
