

WALK REPORT

THURSDAY 25 JULY 2024

On a wet but not windy Thursday 5 intrepid walkers explored the delights of Lyde Green and Hartley Wesphall. On the 'Recce-Day', the weather was glorious – this was a little less so but nevertheless enjoyable as we viewed fields and farms, rivers and (carless) roads, and a smattering of wildlife (at least 2 deer, several very ornate chickens and MANY sheep!). One or two map-reading hitches were remedied with the presence of an O.S. app and a jolly, if somewhat delayed, lunch at the pub eased the joints and restored faith in the leaders - we hope!
